The National Human Rights Commission constituted under the Protection of Human Rights Act, 1993 has been mandated for protection and promotion of human rights in the country. The Commission, as part of this mandate, in addition to enquiring into complaints of human rights has also been involved in research activities pertaining to human rights issues.

The Commission, for the purpose of its research activities, is in need of the following information from your State :

- (i) Number of services that are provided under the Right to Public Services (RTPS) Act. Please give the list of such services.
- (ii) Number of RTI Pendency cases (for the year 2015-16 and 2016-17).

For the above indicator, we need the data in the following format :

- a. Number of cases (both appeals and complaints) that have been carried forward from the previous years.
- b. Number of cases (appeals and complaints) registered during the year.
- c. Number of cases (appeals and complaints) disposed off during the year of analysis.
- d. Total number of cases (appeals and complaints) pending at the end of the year.

We would request you to give necessary directions to the concerned officials so that the above information be sent to us before 31.10.2017.

Best regards

Yours sincerely,

AS
