No. AHL/SPL/2018 905 Dated:-28.03.2018

Sub:- Non appearance of doctors on video conference.

It has come to my notice that the doctors who are being summoned are not appearing on video conference and some other doctor is being deputed to appear on behalf of the doctors concerned. This court is dealing with heinous crimes and the examination of the concerned doctor is of utmost importance in the said cases. However, it is seen that the medical department is taking a very callous attitude towards the said cases and in case of transfer of the concerned doctor, another doctor is being sent on video conference without intimation to the court which is not permissible and even the address of the concerned doctor is not intimated to the court. Kindly look into the matter personally so that, such callousness is avoided and heinous cases are taken seriously and the doctors are sent strictly as per the summons issued by the court. In case the trend continues, I will be constrained to summon the doctors in the court and not on the video conference.
