GOVERNMENT MEDICAL COLLEGE & HOSPITAL, SECTOR-32, CHANDIGARH
DEPARTMENT OF FORENSIC MEDICINE & TOXICOLOGY

MINUTES OF THE MEETING

16 OCT 2020
323310

The Committee constituted by the Director Principal vide endst no. GMCH-HA-II-EA3(259)-2020/27999-101 dated 09.10.2020 to make detailed Standard Operating Procedure (SOP) for patients on Chemotherapy and Radiotherapy in GMCH-32, met in the office the Chairperson on 15.10.2020 at 11.00 am.

After deliberations it was agreed that:-

1. The department of Radiation Oncology, GMCH will counsel the outstation patients and encourage them to go to the tertiary care centres of their own States for the purposes of Chemotherapy and Radiotherapy.
2. Those outstation patients, who are already under treatment at the department, will also be counselled to go to their respective tertiary care centres. However, as time is wasted in retesting of these patients, at those tertiary care centres, their treatment at GMCH can be continued.
3. Those patients seeking day care services or continuous chemotherapy in the wards should bring their RTPCR / RAT report with them when they come to the department.
4. Those patients who do not have the RTPCR / RAT reports and who are showing symptoms will be tested in GMCH itself either through RTPCR or through RAT.
