## TO WHOMSOEVER IT MAY CONCERN

This is to certify that the quotation of products submitted by Bais Medical Engineering are proprietary or compatible with Dräger all machines installed in your premier Medical College.

As per the submitted reference letter from Dräger, it is clearly shown and written that only the consumables or accessories mentioned in the letter have been tested and approved for use with Dräger Devices. Accordingly, it is strongly recommended that only these accessories should be used in conjunction with the specific medical device.

Any other accessories are currently not validated and tested. Usage of non-approved accessories may compromise the functioning of Dräger Devices.

Thanks & Regards,

Draeger India Private Limited

### **Why use Dräger Original Accessories, Dräger Devices**

We would like to point out the importance of original accessories for Dräger Devices.

In general, accessories from the device manufacturer have an intrinsic advantage. The manufacturer has a complete knowledge of the device and the accessory properties and ensures full compatibility.

Only the accessories contained in Annex I have been tested and approved for use with Dräger Devices. Accordingly it is strongly recommended that only these accessories be used in conjunction with the specific medical device.

Any other accessories are currently not validated and tested. Usage of non approved accessories may compromise the functioning of Dräger Devices.

Yours sincerely,

Drägerwerk AG & Co. KGaA
